Madisonville, KY - The 2009 cross country season kicked off Tuesday at the Madisonville city park with a scrimmage for the boys and girls from Madisonville North Hopkins and Hopkins County Central. Central Coach Jerry Womack addressed the teams stating that "this is just a fun, stress free way to kick off the season ". While many of the runners were veteran runners, some were first time runners and were able to experience the feel of a race prior to the real thing on September 5th at Madisonville North Hopkins High School.

iSurf will be following the progress of the Cross Country Teams throughout the season.

We have included a photo gallery with this article.
